ESC prides itself on the experience and knowledge that have helped nonprofits and public agencies in more than 4,500 engagements to address critical issues with real-world, affordable, and lasting solutions. Our accomplished consultants and coaches bring decades of talent and experience to every ESC consulting engagement.

**YOUR MISSION IS OUR MISSION!**

“The coaching that the ESC provided to me was exactly what I needed at this point in my career. My coach was a motivational and encouraging advocate, always listening carefully and providing deep insights on my skills and practices. Her confidence and experience in the nonprofit sector were invaluable as I worked through my own experiences and questions. Thank you for sharing the impact of your work with me!”

- Kendra Wright, Director,
  Social Work Program & Strategic Program Initiatives,
  Chicago Semester

“The Executive Service Corps, and Rachelle Jervis in particular, were instrumental in helping our 501C3 nonprofit to achieve measurements and goals that we did not, otherwise, have access to. They have strengthened, broadened, and more precisely directed our efforts towards mission in numerous, measurable ways. I have spent a great deal of time with consultants in the past, and I give ESC the highest marks of them all with the wholehearted agreement of my staff. They are truly ‘Above and Beyond!’”

- Daniel Hostetler, Executive Director,
